VERY LATEST NEWS BY TELEGRAPH.

Washington Irving arrived last evening from Newbern with dispatches to General Butler, and by her we received the follow-ing highly important intelligence for the Associated Press:

On the morning of the 3d inst, before the break of day, the rebels, consisting of Pickett's division from Kingston, North Carolina, and Hope's brigade from Gen. Lee's army, made an assault on the outposts at Bacheldor's creek, eight miles from Newbern, which after a desperate struggle they carried, capturing seven of our men and

They will, it is stated, be able to held out for several days.

It was stated by others that over six million dollars had been spent from Cuba alone, and that there are over 8,000 sick now in the hospitals of St. Domingo, Porto Rico and Cuba, also, that no more men, money or equipments can be spared from Cuba, and it was determined to memoralize the crown to abandon the Island of St. Domingo.

Gov. Yates' Proclamation --- The Quota of Illinois.

CHICAGO, Feb. 6.—Gov. Yates' proclamation was published to-day. It shows that the balance of men due to the Government the balance of men due to the Government. the balance of men due to the Government under all calls, including that of October, is but 4.459. An adjusted balance, but not yet credited, of 3.264 men, reduces this number to 1,295. Independent of this adjusted balance, and exclusive of old regiments reenlisting, our quota on the first of January was more than filled, as evidenced by rolls returned since the last call. In other words, Illinois having, under every call, exceeded lilinois having, under every call, exceeded her quota, was not on the first of January, or at any other time, subject to draft. or at any other time, subject to draft.

Washington, Feb. 6.—Private information received from Chattanooga, is to the effect that several days ago, although there was a force at Dalton, the main body of the rebel army was at Rome, Ga., under Johnston. The latter fact is accounted for on the ground, either that the enemy were forced to go to Rome for convenience to the supplies, or to prevent desertions—between eight and nine thousand men having come into our lines since the battle of Missionary Ridge. There is not much alarm at Chritanooga about the safely of our troops in the neighborhood of Knoxville, as seems to prevail elsewhere; and many of the putch lished accounts to that effect are characterized as exaggerations.
